Mr. Hewett spoke of the great interest and also the material advantage that the cliff dwellings might be made to Santa Fe. He said that the road to the Alamo Canon by way of San Ildefonso is a good one and the ford over the Rio Grande a very safe one except during high water. The trip can be made in five hours. Mr. Hewett feels assured that this will be done. The Forest Service will undoubtedly construct trails and roads to the more interesting portions of the Reserve and the owner of the Ramon Vijil Grant should be
